APEX Manual - draft

My comments are restricted to those portions of the draft APEX Industrial Manual which deal with Security Education, i.e., 94 through 97.

General

Para 94 - stands as is

Minimum Security Awareness Standards

Para 95 - Personnel who are to be briefed about any portion of the APEX Special Access Control System will receive Security indoctrinations which meet the "Minimum Standards for Security Awareness Programs in the U.S. Intelligence Community," (SECOM-D-543, Jul 79). Security Awareness requirements will be divided into three phases.

Phases of Indoctrination

Para 96 - Phase I concerns the initial indoctrination of the employees which is normally administered prior to access to classified information. Phase II concerns the continuing security awareness program required to maintain and increase security awareness throughout the period of access. Phase III sets forth final guidelines and instructions when access to classified information is terminated.

Termination of Access

Para 97 - delete

25X1

C/SEG:

10 March 1980

*The essentials of SECOM D-543, JULY 79
are covered in PARAGRAPHS 94, 95 and 96 and
97 of the Apex Industrial Manual. It is advised
that the Security Education portion of the Apex
Manual was written using SECOM D-543 as
a guide. Therefore this section of the manual
is considered satisfactory and C/SEG can so
indicate.*
